## Course information:

### D10L, H10L, HDR

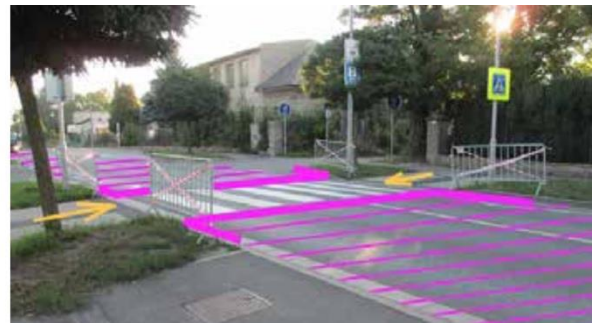

These courses are not line marked and not marked with ribbons!  
This is a simple track in parks and streets. There will be smileys placed at junctions – sad red smiley = wrong way, cheerful green smiley = right way.

### Notice

All courses at the race cross the street that will be not closed for normal traffic. Children classes (til DH14 class, including) cross this street in the compulsory route – marked on the map and in control description.

Other classes can cross this street only at one of the marked places. Except these crossings this street is hatched with violet along its entire length and its crossing not at the marked place will lead to disqualification.

Street crossings will be marked with mobile fences on both sides (viz photo). It is allowed to cross the street only at the crossing between the two fences, it will be controlled!

The traffic in the race area is limited. However, there can be cars from local residents, organisers or World Cup competitors. Be careful, all competitors are running at their own risk!

To increase the orienteering difficulty of the race artificial obstacles may be placed in the race area. These obstacles will be marked on the map as a symbol of an impassable wall or fence and with a tape, a mobile fence or a combination of them in terrain. They will be guarded by organiser.

### Start:

**00=13.00**, interval start according to the start list (HDR class has a free start by punching the start unit from time 0 to 120). The route to the start will be marked with blue-white ribbons, the distance from the arena is 500 m, no climbing.

**The route to the start is crossing road, where traffic is not stopped. Street crossing will be guarded by organiser.**

There will be no mobile toilets at the start, use the toilets in the arena.

### Punching system:

The punching system used is SPORTident - electronic. No SI-Card can be used in one race more than once. No SI Air+ (SIAC) touch-free punching system will be used. At start there will be a **SIAC OFF**

**unit, which all competitors are obliged to punch.** In case of system failure, punch the special boxes on the edge of your map with the pin punch attached to the control flag to prove that you visited the control. All runners, even those who did not finish the stage or do not have all the controls, are obliged to read out their SI cards. The read-out unit is situated in the arena. In case of losing a rented SI-card you have to pay 700 CZK.

**Map:** Scale 1 : 4 000, contour interval 2 m, summer 2018, ISSOM 2007, size format A4, author Jan Fátor. Maps will be waterproofed for all classes. Maps will not be taken from competitors in the finish.

The maps are processed according to the ISSOM 2017 Sprint Map Key. It is strictly forbidden to overcome unsustainable obstacles and enter into areas with forbidden access! Any violations will be punished by disqualification. Smaller flower beds or impassable walls will be highlighted in the exposed areas with a tape.

**Control description:** Available in the arena.

**Terrain:** Urban area and park, very good runnability and visibility, altitude between 200 and 240 m.a.s.l.

**Shoe restrictions:** **Shoes with metal spikes are strictly forbidden (will be controlled at start).**
