

BULLETIN – SHORT DAY

Date:

22. 01. 2022

Place:

Dubňany – Sports hall Želva, 48.9109611N, 17.0988203E

Organizer:

SK Brno – Žabovřesky z.s. , (ZBM)

Type of race:

Day and night team relay race with fixed control order.

Punching:

The SPORTident punching and timing system will be used. Touch free mode (Air+) will be activated additionally to classic SPORTident punching. The SIAC card needs to be within 50 cm of the punching unit for it to be registered. **Last leg runner HAS TO punch the finish unit manually** (=the SI card must be placed into the finish station hole).

In the unlikely situation of SIAC failing to register in touch free mode, the competitor must punch manually by placing the SIAC chip into the SPORTident station. In the unlikely situation of an SI station failing to respond with direct punch (neither a feedback sound nor a light signal), the competitor must punch manually on the map using the pin-punch on the control stand.

If you have pin-punched any controls on your map, you must hand your map to the finish director at the finish area and record which control is pin-punched.

The same SPORTident can not be used twice during one race.

Adults, youth

Where “D” means women, “H” – men; on men legs can run women.

H/D14 – means boys/girls born till 2008

Event profile:

Adults:

It is a typical relay concept. There are seven legs. The 2nd, 3rd and the last leg must be run by women. The 1st and 4th legs are technically easier (level of M/W18). We recommend you to

engage youth. Masters are welcome too. Last three legs will be run during the night. Depending on the weather and your speed, we recommend having a headlamp prepared also for the 4th leg.

Expected course lengths:

Leg	Class	Length (in minutes)	Forking	Expected Changeover Time	Type
1	H	35	Yes	13:35	Day
2	D	55	Yes	14:30	Day
3	D	30	Yes	15:00	Day

5	H	45	Yes	16:40	Twilight /Night
6	H	75	Yes	17:40	Night
7	D	40	Yes	18:20	Night

Youth:

It is a typical relay concept. There are five legs. There are two athletes from each team starting on the 2nd, 3rd and 4th leg. The faster runner of this pair hands over to the next runner in the team. If the faster runner mispunches, the time of the slower runner of the pair is being counted in the overall relay team result (the overall relay time will be calculated after the race). In the unlikely situation of both runners mispunching, the team is disqualified.

4	2x D14	25	Yes	12:05	Day
5	H16	30	Yes	12:35	Day

There might be some small changes made in the leg lengths. Final lengths will be published in the final bulletin.
