Terrain

Varied topography, good overall rideability. Moderately dense path network. Deciduous forest with semi-open patches and open grasslands near the finish area. The rideability of tracks is usually good but depends on weather conditions and the time of the year.

The terrain is rich in protected habitats. Sensible route choices avoid them and/or marked as out-of-bound areas on the map. There are no additional restrictions on the competition.

Embargo: the terrain bordered by Balatonfüred – Csopak – Veszprémfajsz – Nemesvámos – Hidegkút - Balatonszőlős villages (see the map). No training is allowed until the competition.
